12.5-Mile Endurance Swim Around Key West Takes Place Saturday

(Key West, Fla.) – More than 170 swimmers will travel to Key West, Fla., this week to compete in the 38th Annual Swim Around Key West on Saturday. The 12.5-mile endurance swim will include competitors from 23 states, including California, Colorado, Missouri, Texas and Vermont. Six swimmers will travel from Cork, Ireland, to compete, as well as international swimmers from China and the Cayman Islands. Florida will send entrants from 43 different towns and cities.

Participants will swim the circumference of the island individually or in teams of two or three. Eighty swimmers will attempt the event solo this year, each accompanied by a kayak or support boat that will provide protection from motorized watercrafts and carry food and drinks for the swimmer. The swimmer may not touch or hold onto the kayak at any time or stand up or touch the ocean bottom. No fins, snorkels, wet suits, body suits or devices that give extra buoyancy, propulsion or skin protection are allowed. The majority of solo swimmers will complete the distance in five to six hours, but participants have as long as eight hours before the course closes.

In addition to the solo event, ten two-person relay teams and 23 three-person relays are entered in the race. Relay teams generally charter a motorboat to transport team members between entry points. There are no land entries for swimmers. Two-person relay members will each swim 6 miles continuously and three-person team members will swim 4 miles each.

The event starts and finishes at the west end of Smathers Beach on the Atlantic side of Key West, Fla. The first wave of swimmers will take off at 8:30 a.m., with the official start at 9 a.m. Slower swimmers can take the extra half hour to assure favorable tides through Key West Harbor, Fleming Cut and Cow Key Channel.

The historic, round-the-island event is the longest-running sporting event in the Florida Keys. It was founded in 1977 by Anna Fugina, who began swimming as therapy to assist recovery from a car accident. She completed the first swim in 12 hours, 59 minutes, improving to 8 hours the following year due to careful consideration of tidal currents. The current record finishing time is 3:31:28 set by Gabe Lindsey in 1999.

Fugina remains an active part of the event and the 62-year-old will swim in the solo division this year. Additionally, Organizer Bill Welzien, 64, will attempt his 60th career swim around Key West on Saturday.

Last year, the event raised \$3,000 that was benefited the Key West High School Cross Country Team. This year's Sponsors include Refreshment Services Pepsi, Key West Southernmost Runners, Keys Evangelistic Ministries, Low Key Supply, Urbancrest Baptist Church, Centennial Bank and Divers Direct. Additionally, many fine businesses in the Key West community have made generous donations of gift certificates.
